

Weather control measures:

Date: 18/07/2025

Review: Ongoing

- Children will not be allowed out if the UV is above 5:
  - All aircon units to be on inside:
  - Within the Bear Room – children to have activities or iPad to be used ( for learning or movies on special occasions at Managers discretion) to allow them to be within the back room where the aircon unit is.
  - Children who do not have hats are not permitted to play outside.
  - Small paddling pools to be always used however to be supervised by an adult.
  - Sleepers to underdressed down to underwear or nappy.
  - Suncream to be applied by parents before nursery drop off and applied again at lunchtime before children enter the garden,
  - Children will be inside if there is a thunderstorm.
  - Heavy rain, if causing flooding in gardens children to be inside.
  - Strong winds, with the equipment we have outside areas to be closed and children to learn inside.
  - Outside play extreme cold spells, no babies in garden do to them not being able to regulate.
  - Bears children to wear coats, hats & gloves.
- 
- Indoor temperatures:
  - Blinds to be closed
  - Fans were needed to help movement of air.
  - Windows to be closed when it is hotter outside than in.
- 
- Inform parents of changes to routines by emails.
